

TECHNICAL SKILLS

Programming and Markup languages

ABAP, JavaScript, C, C++, Java, PHP, HTML, Angular 2

Operating Systems

Linux, Mac OS, Windows

Application and Testing Frameworks

OData, Bootstrap, SAP Fiori, SAPUI5, jQuery, QUnit, OPA, NetWeaver Gateway

Version Control and Deployment Systems

Git, GitHub, Jenkins, Maven, Jira

Databases

HANA, MySQL

Tools and IDE

SAP Cloud Platform, Eclipse, SAP WebIDE, Hana Studio, Android Studio

EDUCATION

RajaRajeswari College of Engineering – Bachelor of Engineering, Computer Science and Engineering (GPA: 6.5/10)

Sept 2009 - June 2013

WORK EXPERIENCE – 5 YEARS 6 MONTHS

Software Engineer Lead at Capgemini Technology Services India Pvt Ltd

May 2018 - Present

- Tech Used: SAP Fiori, SAPUI5, SAP HANA, ABAP, CDS, JavaScript, Bootstrap, PHP
- Designed and developed full stack Fiori applications for Digital Compliance Services
- Designed and Architected the Fiori Screens for Colt – Capgemini's Inhouse Project.

SAP Consultant at PEOL Technologies Pvt Ltd

Aug 2013 - April 2018

- Tech Used: Java, JavaScript, HTML, CSS, Bootstrap, ABAP, SAPUI5, SAP Fiori
- Developed SAP Applications for Clients namely SAP Labs India, Wipro Technologies and on In-house project for the Client Alghanim Industries.

PROJECT EXPERIENCE (*-ONGOING)

Digital Compliance Services - Russia

May 2018 – Feb 2018

- Tech Used: SAP UI5, SAP Fiori, JavaScript, Java, SAP Cloud Platform, JSON
- Worked on Developing multiple UIs for platform and Russia Products namely for Connection Management, User Management and Master data Management.
- Integrated the applications with Restful APIs keeping the contexts alive using JSONModel based utility technique.

<https://bit.ly/2VIOJq5>

Demand Signal Management

Feb 2018 - April 2018

- Tech Used: SAP UI5, SAP Fiori, JavaScript, OData, NetWeaver
- Worked on Developing the UI of the application to develop feature planning and monitoring deliveries and appointment.
- Migrated existing applications to Fiori 2.0.

<https://bit.ly/2sQuVtO>

SAP Commercial Project Management

Oct 2014 - Dec 2017

- Tech Used: SAP Fiori, SAP HANA, CDS, OData, ABAP, JavaScript
- Architected and developed SAP Fiori applications using cutting edge technologies like **reusable components, XML Templating, and Controller Extensions** by modularizing the code which in turn reduced the source code by **~60%**
- Worked on **performance improvements** of Factsheets by reducing number of OData calls made to the web service using analyzing tools like SUPA, HTTPWatch and Webkit Debugger to fetch the network trace
- Implemented **extensibility** for allowing customers to alter the UI screens by adding additional fields according to their business requirements which helped reduce further cost of development by **30%**
- Complex features were easily integrated to the existing application with the help of reusable components making it **scalable** up to 40% and integration of newer requirements were made seamlessly which was no more a bottleneck for developers because there was no conflict in version control i.e. GIT
- Wrote QUnit and OPA test cases thereby achieving higher unit test and integration test coverage respectively
- Created ABAP APIs for CPM in collaboration with SAP HCM for calculating unplanned Revenue.

Leave Management

Sep 2014 – Sep 2014

- Designed screen for log in, App Drawer, leave request, leave history, redumption approval and leave approval using UI5 with Calendar, lists, form elements, tables and tiles.
- Performed Data binding from multiple OData services. Implemented routing in UI5 and created UI5 app with multiple pattern like Master/Detail and Full screen.

CEO Dashboard

July 2014 – Sep 2014

- Designed CEO Dashboard UI and ADH Dashboard UI using UI5 with Tiles, Charts, Graphs, Filters, and Tables.
- Created a Custom Tile for meeting the requirement of having graphs and charts on Tile control.
- Implemented Global Filter and sub filters using fragments and implemented its filter logic and dynamic navigation based on his filter selection.

ME2STAR (Wave 4 and Wave 5)

Jan 2014 – June 2014

- Created UI Using UI5 Controls, Created Dynamic Filters, Implemented Grouping functionality, Tab to Tab navigation and Backend Live Search.
- Improved performance by reducing backend calls, selective applying of operations like filter, search, grouping and variants, improved the personalization and selective resetting of applied filters.

Extensibility Validation

May 2014-May 2014

- Created Extended Apps and tested the Extensibility.

My Task – (POC)

Oct 2013 – Dec 2013

- POC Project to Create a Master Detail FIORI app to Show the tasks for the user using backend data sources and implemented the Claim and release of Tasks.

Web Development Training

Aug 2013-Sept 2013

- Handled sessions on Web development for new joins. Taught technologies like HTML, CSS, JavaScript, JQuery and Ajax.

OTHER PROJECTS

VTUPlanet.com

- Popular portal for Academic resources engineering students under VTU University.

<http://www.vtuplanet.com>

DroidTerminal.com

- Popular portal for Academic resources engineering students under VTU University.

www.droidterminal.com

Droid Terminal – Android App

- An Android App which brings the DroidTerminal.com Website contents in finger tips in the form of Android App.
- Created JSON data source using PHP. Implemented Android app using Android SDK.

<http://www.vtuplanet.com>

ACTIVITIES

- Participated as Student Volunteer in the National Conference on Frontiers of Computer Science & Technology-2012 at RRCE, B'lore.
- Selected in Project Expo 2013 organized by GRID.
- Undergone Certification course in Cyber Forensics Investigation from MANDAMUS Info Knowledge Consultant.
- Completed 3 months long internship in “Web Designing” at Techsapiunt Solutions (Dec 2012 -Feb 2013).
- Participated in Zonal round of ROBOTRYST-2012, a National Level workshop on Robotics and Embedded C held at RajaRajeswari College of Engineering, B'lore.

AWARDS

- Awarded Outstanding Talent of the year 2014-15 for contributions in Wipro and Alghanim projects
- Secured First Prize in Photography in Chiranthana, Annual fest held at RajaRajeswari College of Engineering, B'lore.
- Secured Third Prize in Debugging in C in TANTRIX, an Inter College Technical fest held at DR. Ambedkar Institute of Technology, B'lore.
